Dear parents, carers and governors,

As school is closed tomorrow for a staff training day, here is an early newsletter. This beautiful photo is from our News on the school website. Please click [here](#) to see more.

Next week, some of our Y6 children attend their new secondary school and a team of Y5 children take part in a Maths Challenge at St Joseph's Catholic Academy. Early Years visit the seaside and Y1 visit Hall Hill Farm. *Please remember that children should wear school jumper/cardigan/hoodie.* We will have an open morning on Thursday for Y1 children and on Friday for Y2-Y6 children. Please come into school via the main office to sign in and then sign out. Y2 also invite parents into class for a prayer service to help them Jump into the Juniors.

Please take note of my earlier email with information sheets regarding WhatsApp and Fortnite. Remember that Fortnite is a 12-rated game and we all have a duty to safeguard children so should not be asking that children's information is shared on these platforms.

I mentioned recently that we are having building work carried out during the summer holidays. I have been assured that they will complete their works ready for us to return to school on Tuesday 3rd September. If there is any disruption I will notify you all via Arbor in the final week of the holidays.

This week's Eco Endeavour:
Try re-growing celery, leeks, cress instead of buying new plants each time.
